

## EXECUTIVE BIOS

### Alex Spector – Executive Vice President

Alex Spector joined Staffing Plus in March 1999. He has been involved in providing continuous consulting services to the organization since the early planning stages in 1997.

Alex holds two Masters of Science Degrees; in Organizational Dynamics and Electrical Engineering from the University of Pennsylvania. Alex has held several positions at Staffing Plus having overseen the Company's total infrastructure needs that were necessary to facilitate the growth of the organization. These included communications systems, computer software and hardware, physical space, payroll, accounting, invoicing, collections, and general support for the marketing and sales groups.

He presently is involved in strategic planning, growth strategies and research and development opportunities. Prior to joining Staffing Plus, Alex was employed by PECO Energy from 1971 to 1999, holding engineering, supervisory and management positions. Alex is a Registered Professional Engineer in Pennsylvania.
